## Safeguarding Policy

This policy applies to all members, volunteers or anyone working on behalf of Meltham & Meltham Mills Band.

### **The purpose of this policy:**

To protect children, young people and adults with care and support needs who are members of the band or connected to the band in some other way.

To provide staff and volunteers with the overarching principles that guide our approach to child protection.

Meltham & Meltham Mills Band believes that a child, young person or adult with care and support needs should never experience abuse of any kind. We have a responsibility to promote the Safeguarding of all children, young people and adults at risk and to keep them safe. We are committed to practice in a way that protects them.

## Legal framework

This policy has been drawn up based on law and guidance that seeks to protect children and adults at risk, namely:

- Children Act (1989)
- United Convention of the Rights of the Child (1991)
- Data Protection Act (1998) and subsequent data protection guidance
- Sexual Offences Act (2003)
- Children Act (2004)

## Meltham & Meltham Mills Band

- Protection of Freedoms Act (2012)
- Working Together to Safeguard Children: A guide to inter-agency working to safeguard and promote the Safeguarding of children HM Government (2018)
- The Safeguarding Vulnerable Groups Act (2006)
- The Human Rights Act (1998)
- The Children and Families Act (2014)
- Special Educational Needs and Disability (SEND) code of practice: 0 to 25 years. Statutory guidance for organisations which work with and support children and young people who have special educational needs or disabilities HM Government (2014)
- General Data Protection Regulations (European Union) (2017)
- Information sharing: advice for practitioners providing safeguarding services to children, young people, parents, and carers HM Government (2015)
- The Care Act (2014)
- The Care Act (2014) Care and Support Statutory Guidance (specifically the safeguarding section of this)
- The Mental Capacity Act (2005)

We recognise that:

- The Safeguarding of the child is paramount, as enshrined in the Children Act (1989)
- All children, regardless of age, disability, gender, racial heritage, religious belief, sexual orientation, or identity, have a right to equal protection from all types of harm or abuse
- Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues and
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's Safeguarding

In addition, Meltham & Meltham Mills Band are aware that we also have safeguarding responsibilities towards adult members, some of whom may be vulnerable at different times in their lives. The principles outlined above in relation to children, also apply to our work with adults. In terms of a legal framework, the arrangements for those over 18 are governed by the Care Act 2014. This Act stipulates that statutory safeguarding duties apply to an adult who:

- Has care and support needs, and
- Is experiencing, or at risk of, abuse or neglect, and,
- As a result of those care and support needs, is unable to protect themselves from either the risk of, or the experience of, abuse or neglect.

## **We will seek to keep children, young people and adults safe by:**

- Valuing them, listening to and respecting them, ensuring that, in the case of adults, we work with their consent unless 'vital interests' [as defined in the Data Protection Act (1998)] are at stake, or the person has been assessed as lacking mental capacity [as defined in the Mental Capacity Act (2005)]
- Adopting child protection and adult safeguarding practices through procedures and a code of conduct for and members and volunteers
- Ensuring that our governance arrangements reflect our commitment to safeguarding
- Working to ensure that there is a safe culture within our band
- Developing and implementing an effective e-safety policy and related procedures
- Providing effective support and training for volunteers with responsibility.  
Recruiting staff and volunteers safely, ensuring all necessary checks are made
- Sharing information about child protection and adult safeguarding with children, parents, volunteers and members
- Sharing concerns with agencies who need to know, and involving parents and children appropriately.

## Abuse

Abuse may take a number of forms and may be carried out by an adult or another child or children. Government Guidance 'Working together to safeguard children' (2015) classifies forms of abuse which can be found in Appendix B.

## Disclosure of Abuse

If a child tells you that they or another child or young person is being abused:-

Always stop and listen straight away, show that you take their allegations seriously.

- Encourage the child to talk, but do not ask leading questions, interrupt, or ask the child to repeat itself
- Never promise that you will keep what is said confidential or secret – explain that if you are told something of concern that you will need to let someone know but that you will only tell the people who need to know and can help.
- Record what you have been told accurately and as soon as possible. Use the child's own words. Make a note of the time, location, whether anyone else present and of the child's demeanour
- Ensure that your concerns are reported immediately to the designated individual
- Do not confront the alleged abuser

## Handling and Recording Allegations

- If any member of the band is concerned that abuse has occurred or may occur to themselves or another person, he or she should refer the matter immediately to the Safeguarding Officer or, if he/she is not available or the complaint relates to the conduct of the Safeguarding Officer, to the Bandmaster of the Band or to another committee member
- The Safeguarding Officer or other Safeguarding leads must not conduct any investigation. They should refer the complaint as soon as possible to the Chairman and to Social Services and/or, in case of emergency, to the Police
- The alleged perpetrator should not be made aware of the allegation at this point
- The number of the Kirklees LADO (Local Authority designated officer) is 01484 221126 or if the child is at immediate risk or harm contact the Police. The Childline number is 0800 1111
- The Safeguarding officer shall keep a written record of any complaints received and all action taken
- In all situations the details of allegation or reported incident must be recorded. Make accurate notes of time, dates, incident or disclosure, people involved, what was said and done and by whom, action taken to investigate, further action taken e.g. suspension of individual and if relevant: reasons why the matter was not referred to a statutory agency, name of person reporting and to whom it was reported
- The record must be stored securely and shared only with those who need to know

**DO NOT** worry that you might be mistaken you have a responsibility to pass on your concerns following a disclosure. Never think abuse is impossible, or that an accusation about a person you know well and trust is bound to be wrong.

- Any member of the Band who finds themselves in a compromising situation should immediately withdraw from that situation and speak to a trusted friend or seek other advice about it
- If anyone who observes another Band member putting himself or herself at risk of an allegation should speak to the member concerned or to the Safeguarding Officer, Bandmaster or Third Safeguarding lead with a view to discreetly avoiding embarrassment

**IT IS YOUR DUTY TO REFER CONCERNS ON, NOT TO INVESTIGATE.**

Training review is due November 2023

## Body of Persons approval Form (BOPA)

To see if a BOPA is required for an event involving a child see the flow chart below written by BBE. A BOPA can be applied for via BBE if the following requirements are met:

- Two members of the band or committee have attended Bandsafe Training
- Training is up to date and has been renewed every 18 months.
- A supervising adult has had a DBS in the last 3 years
- The Band also has the following in place:  
A First Aider at the event, permission of the parent/ guardian, medical information, contest details, travel arrangements and risk assessment for the event

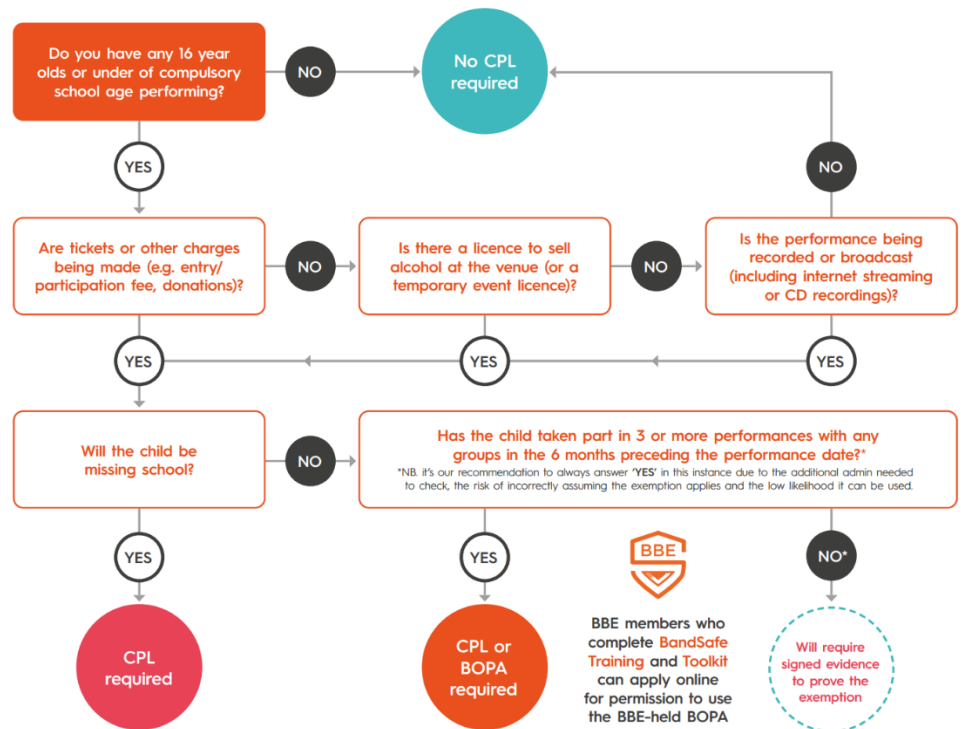

Safeguarding in brass bands > BBE BOPA

## How to use the BBE national BOPA

The **BBE national BOPA** is held by **BBE**, issued by the Secretary of State at the Department for Education. Bands that are **BBE** members can gain permission to use the BOPA to cover their own events where they are the event organiser. This includes any children in other organisations performing as part of a collaboration.

Before you start you can use this decision tree to work out which events you will need to apply for cover for, although we think for many bands it will now be simpler to apply for cover than worry whether or not it is required using the **BBE** system.

## Equality Policy

We are committed to reviewing our policy and good practice annually.

Meltham & Meltham Mills Band makes great efforts to promote fair and equal access and equal opportunities when recruiting players, tutors, conductors, or volunteers. It also seeks to recognise and value the differences in the people involved with the band and its audiences.

## Anti-bullying policy

### **We recognise that:**

Bullying is behaviour, 'usually repeated over time, that intentionally hurts another individual or group of individuals, physically or emotionally'.

One person or a group can bully others.

Bullying can occur either face to face between individuals or groups or online, using information technology, such as computers or mobile phones.

### **Bullying can include:**

verbal teasing or making fun of someone

- Excluding members from activities and conversations
- Pressurising other members not to be friends with the person who is being bullied
- Spreading hurtful rumours or passing round inappropriate photographs, images or drawings
- Shouting at or verbally abusing someone
- Stealing or damaging someone's belongings
- Making threats
- Forcing someone to do something embarrassing, harmful or dangerous
- Harassment based on race, gender, sexuality or disability
- Physical or sexual assault (although all sexual incidents and all but very minor physical incidents constitute abuse and must be dealt with in accordance with child protection and adult safeguarding procedures).

Bullying causes real distress. It can affect a person's health and development and, at the extreme, can cause significant harm. People are often targeted by bullies because they appear different from others.

**We all have a role to play in preventing bullying and putting a stop to bullying.**

### **The purpose of this policy is:**

- To prevent bullying from happening in our brass band, as much as possible
- When bullying does happen, to make sure it is stopped as soon as possible and that those involved receive the support they need
- To provide information to all members, volunteers, young people, adults at risk, and their families about what we should all do to prevent and deal with bullying.

## **We will seek to prevent bullying by:**

- Developing a code of behaviour that sets out the 'dos and don'ts' in terms of how everyone involved in the Band is expected to behave, both in face-to-face contact and online.
- Advertise and promote the band in a way that will help to attract members from diverse groups.
- Provide welcome information to new members and help them to settle in.
- Hold discussions with members, volunteers, young people, adults at risk and families who are part of the Band to ensure that they understand our anti-bullying policy.

## **When bullying occurs, we will respond to it by:**

- Having a clear anti-bullying procedure in place
- Providing support and training for all Officers and volunteers on dealing with all forms of bullying, including racial, sexist, homophobic and sexual bullying
- Addressing the issue from the point of view of the person being bullied, the bully, any bystanders, and the band as a whole
- Reviewing the plan developed to address the bullying, to ensure that the problem has been resolved
- Avoiding any punishments that make the individuals concerned seem small or look or feel foolish in front of others.

## **Monitoring and review**

The named safeguarding officers are responsible for monitoring the effectiveness of this policy and presenting any concerns to the band committee.

This policy will be reviewed annually by the band committee.

### Accompanying Children to Hospital

- Ideally if the situation is not an emergency, then the parent/carer should be contacted in order to take the child to hospital.
- In an emergency call 999 and ask for an ambulance or a paramedic. In this situation, every effort must be made to accompany a child to hospital, in the ambulance.
- Where possible the main leader should try to remain with the group and allow another responsible adult, preferably a member who has a DBS check to accompany a child to hospital.
- It would not be good practice for a band member to use their own vehicle to take a child to hospital, however in extreme circumstances (such as the emergency vehicle being delayed) the child's medical status must come first. ## Whistle-blowing policy

### What to do if you wish to raise a concern about malpractice:

Speak to the Band Chairman, Youth Co-ordinator or Band Manager. If your concern relates to one of these officers, then it may be necessary for another committee member to also be involved to support the officer you have spoken to. The officer you have approached should arrange to meet with you as soon as possible to discuss your concern. This meeting can take place away from the band room if necessary. You will be told at the meeting, or as soon as possible afterwards, what action will be taken to address your concern. It may not be possible to tell you the full details of the outcome, as this could relate to confidential third-party information. If no action is to be taken in relation to your concern, you will also be informed of this fact and given the reasons why. If you do not want the person you have concerns about to know your identity, you should make this clear to the officer dealing with your concern at the earliest opportunity. Every effort will be made to respect your wishes, if there is a need for your identity to be disclosed in order to resolve the issue, you will be consulted prior to this action. If you need support in raising your concern, you may bring another member or volunteer with you, however consideration should be taken to respect the confidentiality of the concern.

### What to do if someone raises a concern with you about malpractice:

If someone tells you they are concerned about the actions of another member or volunteer, you should arrange to meet him/her as soon as possible. If you are not the person responsible for dealing with these matters, you should establish why he/she has chosen to discuss the concern with you. You should then suggest that the person speaks to that officer and offer to support them to do this. You should not however refuse to hear what the person has to say. You should approach the situation sensitively, recognising the discomfort that the person may feel. Offer to meet him/her away from the band room if he/she wishes, but ensure you are protected and not alone if this person is under 18. You should also remind the person with the concern about other sources of support available to him/her. If the person reporting the concern wants his/her identity to be kept confidential, you should explain that this will be done, if possible, but that it may not be achievable. Make notes of your discussions with the individual and check the accuracy of your notes with him/her.

### Recording the concerns:

The responsible Officer should make accurate notes of each stage of the process, including the discussions during meetings, regardless of whether the concern is dealt with formally or informally. Copies of these should be given to the person who is the subject of the concern. The person who raised the concern should also be given copies of notes from his/her discussion. Notes made during the investigation and the report of the investigation, together with any notes relating to the outcome, should be kept securely and compliant with data protection. ## Appendix B - Different types of abuse: Children and Young People

Abuse and neglect are forms of maltreatment of a child or young person. They may result in a child suffering or being likely to suffer significant harm. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger. They may be abused by an adult, or another child or children. Government guidance 'Working Together to Safeguard Children' (2015) defines various forms of abuse, including:

### **Physical abuse**

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

### **Emotional abuse**

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

### **Sexual abuse**

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or nonpenetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving

children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in

preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

### **Neglect**

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care givers)
- Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

### **Emerging forms of abuse**

As suggested under the 'Sexual Abuse' heading above, it should be noted that perpetrators are increasingly using online methods to access children and young people as well as to indulge in abuse by creating or downloading abusive images of them. Other forms of abuse that have come to public attention relatively recently have included the sexual exploitation of children and young people for commercial gain, forms of modern slavery, and abuse linked to cultural or religious belief such as: Female genital mutilation (FGM), honour violence, forced marriage, radicalisation or abuse associated with a belief in spiritual possession.

### **Signs and indicators of abuse of both children and vulnerable adults**

There may be many signs and indicators that a child or adult is being abused or is at risk. Equally, most of the signs are not themselves diagnostic of abuse (although some physical signs may lead to a positive diagnosis of abuse by a medical professional). Equally, some children and adults who suffer abuse show no outward signs of what is happening to them. At least as important as specific physical or behavioural signs are the way in which different signs and indicators may be clustered together or perhaps a change in a child's or adult's behaviour or appearance that cannot be easily explained in any other way. It is important to remember that a single agency or person is unlikely to pick up on all the signs that may be present in an abusive situation, and that concerns need to be shared to enable a referring agency to build up a clearer picture of what may be going on for a child or adult at risk.
